**Jeanette Rankin: Suffragist, First Woman Elected to Congress, and Pacifist** - Ted Harris - 1972

Jeanette Rankin, the first woman elected to Congress, stands tall among American icons. The representative from Montana won her seat at a time when women didn't have the right to vote in most states. Her firm stances inspired both admiration and fury across party lines, and she gained nearly canonical status among feminists and pacifists. In Jeanette Rankin: A Political Woman, James Lopach and Jean Luckowski demythologize Rankin, showing her to be a talented, driven, and deeply divided woman. Until now, no biography has explored Rankin's inconsistencies. The authors extensively consulted the correspondence of her family members and contemporaries, uncovering ties between her politics and her familial and personal relationships. They reveal how she succeeded through her wealthy brother's influence as well as her own extraordinary efforts; how she drew inspiration not from her rural roots but from the radical hotbed of Greenwich Village; and how she championed an independent, woman-centered life while deferring to family. Revealing her complexities along with her accomplishments, Jeanette Rankin: A Political Woman will be the definitive biography of this path-breaking politician for years to come.

**Jeanette Rankin** - James J. Lopach - 2005

“If I had my life to live over, I would do it all again, but this time I would be nastier.” -Jeanette Rankin (1880-1973)Jeanette Rankin, the first woman elected to Congress, stands tall among American icons. **Jeanette Rankin** - Corinne Naden - 2013-08-01

In 1916, Jeanette Rankin was the first woman to be elected to the House of Representatives by the state of Montana. Known as a pacifist, her championed causes included gender equality and civil rights. This book celebrates the impact this influential suffragist had on the twentieth and twenty-first centuries. She paved the way for such powerful women in politics such as Nancy Pelosi, Condoleezza Rice, Sandra Day O'Connor, and Hillary Clinton. This volume carefully examines Rankin's childhood, education, early influences and reviews their goals and achievements. A timeline of events is included along with a glossary of terms which defines history-specific terms. Primary source photographs are included which round out his must-have book about this highly important and worldly individual.

A suffragette, Jeannette Rankin was the first woman elected to Congress.

Jeannette Rankin - Mary Barmeyer O'Brien - 2015-10-03
The first woman ever elected to the U.S. Congress, Jeannette Rankin represented Montana for two terms in the U.S. House of Representatives. A leading advocate for both women suffrage and world peace, she was instrumental in securing the right or Montana women to vote, five years before the right was granted nationally. As the sole female member of the U.S. Congress in 1919, Jeannette was the only woman to vote for national suffrage. This biography reveals Jeannette Rankin's life and personal story, exposing her many courageous and remarkable accomplishments.

No Place for a Woman - Chris Enss - 2020-03-01
In 1869, more than twenty years after Elizabeth Cady Stanton and Susan B. Anthony made their declaration of the rights of woman at Seneca Falls, New York, the men of the Wyoming Territorial Legislature granted women over the age of 21 the right to vote in general elections. And on September 6, 1870, a grandmother named Louisa Ann Swain stepped up to a ballot box in Laramie, Wyoming, and became the first woman in the United States to exercise that right, ushering in the era of Western states' early forays into suffrage equality. Wyoming Territory's motives for extending the vote to women might have had more to do with publicity and attracting female settlers than with any desire to establish a more egalitarian society. However, individual men's interests in the idea of women's rights had their roots in diverse ideologies, and the women who agitated for those rights were equally diverse in their attitudes. No Place for a Woman explores the history of the fight for women's rights in the West, examining the conditions that prevailed during the vast migration of pioneers looking for free land and opportunity on the frontier, the politics of the emerging Western territories at the end of the Civil War, and the changing social and economic conditions of the country recovering from war and on the brink of the Gilded Age.

The Woman's Hour - Elaine Weiss - 2019-03-05
"Both a page-turning drama and an inspiration for every reader" -- Hillary Rodham Clinton Soon to be a major television event, the nail-biting climax of one of the greatest political battles in American history: the ratification of the constitutional amendment that granted women the right to vote. Nashville, August 1920. Thirty-five states have approved the Nineteenth Amendment, granting women the right to vote; one last state—Tennessee—is needed for women's voting rights to be the law of the land. The suffragists face vicious opposition from politicians, clergy, corporations, and racists who don't want black women voting. And then there are the "Antis"—women who oppose their own enfranchisement, fearing suffrage will bring about the nation's moral collapse. And in one hot summer, they all converge for a confrontation, replete with booze and blackmail, betrayal and courage. Following a handful of remarkable women who led their respective forces into battle, The Woman's Hour is the gripping story of how America's women won their own freedom, and the opening campaign in the great twentieth-century battles for civil rights.

She Votes - Bridget Quinn - 2020-08-11
She Votes is an intersectional story of the women who won suffrage, and those who have continued to raise their voices for equality ever since. From the first female Principal Chief of the Cherokee Nation to the first woman to wear pants on the Senate floor, author Bridget Quinn shines a spotlight on the women who broke down barriers. This book also honors the 100th anniversary of the Nineteenth Amendment with illustrations by 100 women artists. • A colorful, intersectional account of the struggle for women's rights in the United States • Features heart-pounding scenes and keenly observed portraits • Includes dynamic women from Elizabeth Cady Stanton to Audrey Lorde She Votes is a refreshing and illuminating book for feminists of all kinds. Each artist brings a unique perspective; together, they embody the multiplicity of women in the United States. • From the pen of rockstar author and historian Bridget Quinn, this book tells the story of women's suffrage. • Perfect for feminists of all ages and genders who want to learn more about the 19th amendment and the journey to equal representation • You'll love this book if you love books like Notorious RBG: The Life and Times of Ruth Bader Ginsburg by Irin Carmon and Shana Knizhnik; Rad American Women A-Z: Rebels, Traiblazers, and Visionaries who Shaped Our History . . . and Our Future! by Kate Schatz and Miriam Klein Stahl; and Why I March: Images from The Women's March Around the World by Abrams Books.

Jeanette Rankin, First Lady in Congress - Hannah Josephson - 1974

Jeanette Rankin - Jackie Beyer - 2018-02-25
Jeanette Rankin was the first woman elected to the United States Congress. Born in Missoula, Montana, Miss Rankin was a leader in the women's suffrage movement, and later elected to represent her home state two different times. Representative Rankin holds the distinction of being the only woman who voted to give women the right to vote. An active pacifist she was also proud to state ‘The first vote of the first woman member of Congress was a vote against war.’ She is an inspiration for all young children, especially girls, to enter the world of public service and strive for change that will improve the lives of American families.

Uprising - Tiffany Lewis - 2021-02-01
Decades before white women won the right to vote throughout the United States, they first secured that right in its Western region—beginning in Wyoming in 1869. Many scholars have studied why and how the Western states enfranchised women before the Eastern ones; this book instead examines the influence of the West on the national US suffrage movement. As the campaign for woman suffrage intensified, US suffragists often invoked the West in their verbal, visual, and embodied advocacy. In deploying this region as a persuasive resource, they challenged the traditional meanings of the West and East, thus gaining additional persuasive strategies. Tiffany Lewis’s analysis of the public discourse, images, and performances of suffragists and their opponents shows that the West played a pivotal role in the successful campaign for white women’s enfranchisement that culminated in 1920. In addition to offering a history of this political movement’s rhetorical strategy, Lewis illustrates the usefulness of region in protest—the way social movements can tactically employ region to motivate social change.

The Promise of American Life - Herbert David Croly - 1911
The average American is nothing if not patriotic. “The Americans are filled,” says Mr. Emil Reich in his “Success in the West in their verbal, visual, and embodied advocacy. In deploying this region as a persuasive resource, they challenged the traditional meanings of the West and East, thus gaining additional persuasive strategies. Tiffany Lewis’s analysis of the public discourse, images, and performances of suffragists and their opponents shows that the West played a pivotal role in the successful campaign for white women’s enfranchisement that culminated in 1920. Presents a portrait of the first female cabinet member and one of the most influential women of the twentieth century, whose efforts to improve the lives of America’s working people resulted in such initiatives as unemployment insurance and Social Security.

The Woman Behind the New Deal - Kirstin Downey - 2010

Presents a portrait of the first female cabinet member and one of the most influential women of the twentieth century, whose efforts to improve the lives of America’s working people resulted in such initiatives as unemployment insurance and Social Security.

The Promise of American Life - Herbert Croly - 1911

The average American is nothing if not patriotic. “The Americans are filled,” says Mr. Emil Reich in his “Success among the Nations,” “with such an implicit and absolute confidence in their Union and in their future success that any remark other than laudatory is unacceptable to the majority of them. We have had many opportunities of hearing public speakers in America cast doubts upon the very existence of God and of Providence, question the historic vindication of the whole fabric of Christianity, but never has it been our fortune to catch the slightest whisper of doubt, the slightest want of faith, in the chief God of America-unlimited belief in the future of America.”

Mr. Reich’s method of emphasis may not be very happy, but the substance of what he says is true. The faith of Americans in their own country is religious, if not in its intensity, at any rate in its almost absolute and universal authority. It pervades the air we breathe. As children we hear it asserted or implied in the conversation of our elders. Every new stage of our educational training provides some additional testimony on its behalf.

Newspapers and novels, orators and playwrights, even if they are little else, are at least loyal preachers of the Truth. The skeptic is not controverted; he is overlooked.

Jeanette Rankin - Trish Marx - 2013-05-05

I’ve been trying to help women have better lives, using the laws we already have. But what if the laws are wrong, or don’t go far enough? So was the thinking of Jeanette Rankin before she decided to run for Congress, years before most women even had the right to vote. Growing up a small-town girl in Montana, Jeanette showed courage and initiative, helping to run her family’s ranch and daring to go to university at a time when most women did not even finish high school. She was bright and well-educated, but it wasn’t until a visit to her brother in Boston – where she glimpsed the harsh realities that women and children faced in the slums – that she knew what she wanted to do with her life. Immediately she got to work, helping in settlement houses and working with orphaned children, but Jeanette wanted to give women the power to better their own lives – so she shifted her focus to suffrage and ran for Congress.

On November 9, 1916, Jeanette Rankin became the first woman to win a seat in the House of Representatives. While in office, she continued her fight for women’s rights and also bravely advocated for peace during World War I. Jeanette Rankin was a true pioneer in women’s rights and an undeniable force behind the peace movement in America. In this historical account, Marx’s candid text and Andrews’s finely detailed illustrations work together to capture the strength and spirit of one of America’s most inspirational leaders.

The Suffragist Playbook: Your Guide to Changing the World - Lucinda Robb - 2020-08-31

Do you have a cause you're passionate about? Take a few tips from the suffragists, who led one of the largest and longest movements in American history. The women's suffrage movement was decades in the making and came with many harsh setbacks. But it resulted in a permanent victory: women's right to vote. How did the suffragists do it? One hundred years later, an eye-opening look at their playbook shows that some of their strategies seem oddly familiar. Women’s marches at inauguration time? Check. Publicity stunts, optics, and influencers? They practically invented them. Petitions, lobbying, speeches, raising money, and writing articles? All of that, too. From moments of inspiration to some of the movement’s darker aspects—including the racism of some suffragist leaders, violence against picketers, and hunger strikes in jail—this clear-eyed view takes in the role of key figures: Susan B. Anthony, Lucy Stone, Sojourner Truth, Elizabeth Cady Stanton, Frances Willard, Ida B. Wells, Alice Paul, and many more. Engagingly narrated by Lucinda Robb and Rebecca Boggs Roberts, whose friendship goes back generations (to their grandparents, Lady Bird Johnson and Lindy Boggs, and their mothers, Lynda Robb and Cokie Roberts), this unique melding of seminal history and smart tactics is sure to capture the attention of activists-in-the-making today.

A Woman in the House (and Senate) (Revised and Updated) - Iline Cooper - 2020-03-03

An inspiring history of all the women who have taken a seat in Congress! For the first 128 years of America’s history, only men served in the Senate and House of Representatives. All that changed in January 1917 when Jeannette Rankin was sworn in as the first woman elected to Congress. From the women’s suffrage movement to the 2018 election, Iline Cooper highlights influential and diverse female leaders who opened doors for women in politics. Women featured include Nancy Pelosi (the first woman Speaker of the House), Margaret Chase Smith (the first woman elected to the Senate), Patsy Mink (the first woman of color to serve in the House), and newcomers like Representatives Alexandria Ocasio-Cortez and Ilhan Omar. This updated book includes archival photographs and lively illustrations from Elizabeth Baddeley, as well as a chart of all the women who have served in Congress, appendices that define key terms and governmental procedures, and an index. In a great new reading format, this updated, revised edition is perfect for young feminists!

Drawn to Purpose - Martha H. Kennedy - 2018-02-14

Published in partnership with the Library of Congress, Drawn to Purpose: American Women Illustrators and Cartoonists presents an overarching survey of women in American illustration, from the late nineteenth into the twenty-first century. Martha H. Kennedy brings special attention to forms that have heretofore received scant notice—cover designs, editorial illustrations, and political cartoons—and reveals the contributions of acclaimed cartoonists and illustrators, along with many whose work has been overlooked. Featuring over 250 color illustrations, including eye-catching original art from the collections of the Library of Congress, Drawn to Purpose provides insight into the personal and professional experiences of eighty women who created these works. Included are artists Roz Chast, Lynda Barry, Lynn Johnston, and Jillian Tamaki. The artists’ stories, shaped by their access to artistic training, the impact of marriage and children on careers, and experiences of gender bias in the marketplace, serve as vivid reminders of social change during a period in which the roles and interests of women expanded into the public sphere. The body of artistic achievement by women remains an important part of our visual culture. The lives and work of the women responsible for it merit much further attention than they have received thus far. For readers who care about cartooning and illustration, Drawn to Purpose provides valuable insight into this rich heritage.

Vanguard - Martha S. Jones - 2020-09-08

The epic history of African American women’s pursuit of political power—and how it transformed America. In the standard story, the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920. But this overwhelmingly white women’s movement did not win the vote for most black women. Securing their rights required a movement of their own. In Vanguard, acclaimed historian Martha S. Jones offers a new history of African American women’s political lives in America. She recounts how they defied both racism and sexism to fight for the ballot, and how they wielded political power to secure the equality and
The epic history of African American women’s pursuit of political power—and how it transformed America. In the standard story, the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920. But this overwhelmingly white women’s movement did not win the vote for most black women. Securing their rights required a movement of their own. In Vanguard, acclaimed historian Martha S. Jones offers a new history of African American women’s political lives in America. She recounts how they defied both racism and sexism to fight for the ballot, and how they wielded political power to secure the equality and dignity of all persons. From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond, Jones excavates the lives and work of black women—Maria Stewart, Frances Ellen Watkins Harper, Fannie Lou Hamer, and more—who were the vanguard of women’s rights, calling on America to realize its best ideals.

For the first 128 years of our country’s history, not a single woman served in the Senate or House of Representatives. All of that changed, however, in November 1916, when Jeannette Rankin of Montana became the first woman elected to Congress—even before the Nineteenth Amendment gave women across the U.S. the right to vote. Beginning with the women’s suffrage movement and going all the way through the results of the 2012 election, Ilene Cooper deftly covers more than a century of U.S. history in order to highlight the influential and diverse group of female leaders who opened doors for women in politics as well as the nation as a whole. Featured women include Hattie Caraway (the first woman elected to the Senate), Patsy Mink (the first woman of color to serve in Congress), Shirley Chisholm (the first African-American woman in Congress), and present-day powerhouse like Nancy Pelosi and Hillary Clinton. The book is filled with lively illustrations and archival photographs. It includes a glossary, index, and chart of all the women who have served in Congress. Praise for A Woman in the House (and Senate) STARRED REVIEW “It is no small task to create a book that summarizes over a century of U.S. history, gives a crash course in civics, and provides succinct, pithy biographies of numerous women who have served in the legislative and judicial branches of government. Cooper pulls it off.” —Kirkus Reviews, starred review

Votes for Women! - Winifred Conkling - 2018-02-13
For nearly 150 years, American women did not have the right to vote. On August 18, 1920, they won that right, when the 19th Amendment to the Constitution was ratified at last. To achieve that victory, some of the fiercest, most passionate women in history marched, protested, and sometimes even broke the law—for more than eight decades. From Susan B. Anthony and Elizabeth Cady Stanton, who founded the suffrage movement at the 1848 Seneca Falls Convention, to Sojourner Truth and her famous “Ain’t I a Woman?” speech, to Alice Paul, arrested and force-fed in prison, this is the story of the American women’s suffrage movement and the private lives that fueled its leaders’ dedication. Votes for Women! explores suffragists’ often powerful, sometimes difficult relationship with the intersecting temperance and abolition campaigns, and includes an unflinching look at some of the uglier moments in women’s fight for the vote. By turns illuminating, harrowing, and empowering, Votes for Women! paints a vibrant picture of the women whose tireless battle still inspires political, human rights, and social justice activism.

Her Story - Charlotte S. Waisman - 2013-01-02
Most people have heard of Susan B. Anthony, Harriet Tubman, Margaret Sanger, and Eleanor Roosevelt. But did you know that a female microbiologist discovered the bacterium responsible for undulant fever, which then led to the pasteurization of milk? Or that a female mathematician’s work laid the foundation for abstract algebra? Her Story is a one-of-a-kind illustrated timeline highlighting the awesome, varied, and often unrecognized contributions of American women throughout U.S. history, beginning in the 1500s and spanning all the way through 2011. The women featured in Her Story range from writers, artists, actors, and athletes to doctors, scientists, social and political activists, educators, and inventors, and come from all backgrounds and philosophies. Her Story is a captivating look at America’s often unsung female champions that will resonate with...

Peace as a Woman’s Issue - Harriet Hyman Alonso - 1993-03-01
A history of the ideologies and personalities of the feminist peace movement in the US. This study explores: connections between militarism and violence against women; women as the mothers of society; women as naturally responsible citizens; and the desire to be independent of male control.

Peace as a Woman’s Issue - Harriet Hyman Alonso - 1993-03-01
A history of the ideologies and personalities of the feminist peace movement in the US. This study explores: connections between militarism and violence against women; women as the mothers of society; women as naturally responsible citizens; and the desire to be independent of male control.

Democracy and Social Ethics - Jane Addams - 1902
Alice Paul has long been an elusive figure in the political history of American women. Raised by Quaker parents in Moorestown, New Jersey, she would become a passionate and outspoken leader of the woman suffrage movement. In 1913, she reinvigorated the American campaign for a constitutional suffrage amendment and, in the next seven years, dominated that campaign and drove it to victory with bold, controversial action-wedding courage with resourcefulness and self-mastery. This biography of Paul's early years and suffrage leadership offers fresh insight into her private persona and public image, examining for the first time the sources of Paul's ambition and the growth of her political consciousness. Using extensive oral history interviews with Paul and her colleagues, suffrage activists in England, and later emerging onto the American scene. Though her Quaker upbringing has long been seen as the spark for her commitment to women's rights, Zahniser and Fry show how her childhood among the Friends forged crucial aspects of Paul's character, but her political zeal developed out of years of education and exploration. The authors explore the ways in which her involvement with the British suffragists Emmeline and Christabel Pankhurst honed her instincts and skills, especially her dealings with her most important political adversaries, Woodrow Wilson and rival suffrage leader Carrie Chapman Catt. Applying new research to the persistent questions about Alice Paul and her legacy this compelling biography analyzes Paul's charisma and leadership qualities, sheds new light on her life and work and is essential reading for anyone interested in the woman suffrage movement.

Alice Paul - Jill Diane Zahniser - 2014
Alice Paul has long been an elusive figure in the political history of American women. Raised by Quaker parents in Moorestown, New Jersey, she would become a passionate and outspoken leader of the woman suffrage movement. In 1913, she reinvigorated the American campaign for a constitutional suffrage amendment and, in the next seven years, dominated that campaign and drove it to victory with bold, controversial action-wedding courage with resourcefulness and self-mastery. This biography of Paul's early years and suffrage leadership offers fresh insight into her private persona and public image, examining for the first time the sources of Paul's ambition and the growth of her political consciousness. Using extensive oral history interviews with Paul and her colleagues, Authors J. D. Zahniser and Amelia R. Fry substantially revise our understanding about Paul's engagement with conflict and violence against women; women as the mothers of society; women as naturally responsible citizens; and the desire to be independent of male control.
