The Palgrave Concise Historical Atlas of the Cold War - J. Swift - 2003-10-30
A historical atlas must depict complex issues in a manner immediately accessible to the reader. The Cold War has long needed such an atlas. With easily understood maps, this new atlas addresses the Cold War for the first time and introduces the reader to major Cold War events and issues. The historical atlas also presents themes such as cultural issues and dilemmas to the reader, presenting the Cold War in all its complexities in a form which is useful and understandable.

The Penguin Historical Atlas of World War II - M. Folly - 2004-10-06
Traces the history of World War II in graphic form, the causes, courses, and consequences of this global war. Clear two-colour maps and diagrams are accompanied by a facsimile page of explanatory text addressing not just battles and campaigns, but also clarifying the key social, economic and political aspects of the war. These tend to get less coverage in conventional military history atlases, but are vital for understanding the total war experience and its enduring legacy. Students and general readers will find it a useful and accessible introduction to the war in all its facets, from its origins to its legacy.

A Historical Atlas of Tibet - E. Kell - 2015-05-08
"The product of twelve years of research and eight more of mapping, A Historical Atlas of Tibet documents cultural and religious sites across the Tibetan Plateau and its bordering regions from the Paleolithic and Neolithic times all the way up to today. It ranges through the five main periods in Tibetan history, offering introductory maps of each followed by details of events, central and eastern regions. It visualizes the history of Tibetan Buddhism, tracing its spread throughout Asia, with thousands of temples mapped, both within Tibet and across North China and Mongolia, the all the way to Beijing. There are maps of major policies and their territorial administrations, as well as of the kingdoms of G apex and Pumang in western Tibet, and of Derge and Nangchen in Kham. There are town plans of Lhasa and maps that focus on history and language, on population, natural resources, and contemporary politics."

The Palgrave Concise Historical Atlas of Eastern Europe is a lucid and authoritative guide to a full understanding of the complicated history of Eastern Europe.

Addressing the need for a comprehensive map collection for reference and classroom use, this volume includes fifty two two-colour full page maps which are each accompanied by a facing page of explanatory text to provide a useful aid in physical geography and in an area’s political development over time. The maps illustrate key moments in Eastern European history from the Middle Ages to the present, in a way that is immediate and comprehensible. Lecturers and students will find it to be an indispensable and affordable classroom and reference tool, and general readers will enjoy it for its clarity and wealth of information.

The Palgrave Concise Historical Atlas of Eastern Europe

The Palgrave Concise Historical Atlas of Central Asia - R. Abazov

This atlas graphically illuminates the region’s history tracing back to the 8th-7th century B.C. From the spread of Islam to the invasion of the Mongols, the area has been at the crossroads of some of the world’s most important developments, all succinctly explained in this book.

The Palgrave Concise Historical Atlas of Central Asia

Histories of places and events, the Palgrave Concise Historical Atlas Series offers a vivid portrait of the region. The text follows the rise and fall of the Qing dynasty in China, founded by the semi-nomadic Manchus; the Russian colonization of Siberia; the growth of Japanese influence; the movements of peoples, armies, and borders; and political, social, and economic developments—reflecting the turbulence of the land that was once the world’s “cradle of conflict.” Compiled from detailed research in English, Chinese, Japanese, French, Dutch, German, Mongolian, and Russian sources, the Historical Atlas of Northeast Asia incorporates information made public with the fall of the Soviet Union and includes fifty-five specially drawn maps, as well as twenty historical maps contrasting local and outsider perspectives. Four introductory maps survey the region’s diverse topography, climate, vegetation, and ethnicity.

The Historical Atlas of Northeast Asia

Maps and History - Jeremy Black

Explore the role, development, and nature of the atlas and discusses its impact on the presentation of the past.

Maps and History

Discover the mysteries within ancient maps — Where exploration and mythology meet This richly illustrated book collects and explores the colorful histories behind a striking range of real antique maps that are all in some way a little too good to be true. Mysteries within ancient maps: The Phantom Atlas is a guide to the world not as it is, but as it was imagined to be. It’s a world of ghost islands, invisible mountain ranges, mythical civilizations, ship-wrecking beasts, and other fictitious features introduced on maps and alasies through mistakes, misunderstand, fantasies, and outright lies. Where exploration and mythology meet: Author Edward Brooke-Hitching is a map collector, author, writer for the popular BBC Television program QI and a Fellow of the Royal Geographical Society. He lives in a dusty heap of old maps and books in London investigating the places where exploration and mythology meet. Cartography’s greatest phantoms: The Phantom Atlas uses gorgeous atlas images as springboards for tales of demposed buccaneers, swarming monks, heroes, swimmers, and other amazing stories behind cartography’s greatest phantoms. If you are a fan of this popular genre and a reader of books such as Prisoners of Geography, Atlas of Ancient Rome, Atlas Obscura, What If, Book of General Ignorance, or Thing Explainer, your will love The Phantom Atlas

The Phantom Atlas

Historical Dictionary of Washington, D.C.

Debuted to the history of our nation’s capital, uniquely situated within a federal district created from land donated by the states of Maryland and Virginia, this Dictionary uses an A to Z approach to describe buildings, landmarks, events, and people, both living and dead, who have made an impact on Washington - architects and city planners, artists, civil rights leaders, educators, mayors and administrators, musicians and composers, real estate developers, religious leaders, scientists, singers and entertainers, writers and poets. The introduction, in narrative style, summarizes the history of government and economy, cultural life, education, parks, construction of the national capital, the war of 1812 and the growth of the city, the Great Depression, the war years, the civil rights movement, and urban problems. A chronology and substantial bibliography round out this work.
